Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Silverdale St John's
Number of pupils in school 65	
Proportion (%) of pupil premium eligible pupils	6%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/22, 2022/23 2023/24
Date this statement was published	Nov 2021
Date on which it will be reviewed	July 2022
Statement authorised by	Katie Walsh
Pupil premium lead	Katie Walsh
Governor / Trustee lead	Hayley Moorcroft

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£6725
Recovery premium funding allocation this academic year	£2260
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£8985

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all children in our school make progress and achieve highly in all areas of school life (academic and key life skills).

High-quality teaching is our priority to ensure all children achieve their full potential, with excellent support systems in place through effective interventions led by highly qualified Teaching Assistants. Any child identified as needing extra support to accelerate their learning, as identified by our internal tracking system, is given the appropriate intervention and support in class.

We will endeavour to identify any barrier to learning for any child, including those most disadvantaged, and support them accordingly. We know that for some children, these barriers are due to emotional, behavioural or social difficulties and we meet these needs through personalised programmes.

Our strategy for developing the whole child includes offering a range of opportunities to develop skills for life. By teaching through a creative curriculum and using visitors and visits, we ensure all children develop the skills and knowledge they need to be successful.

We understand that academic success provides the children with greater choices as they move forward in life. The tutoring programme will be used to support those children whose education has been most disrupted, including non-disadvantages pupils.

The focus for us is to ensure no child misses out on any support, experience or opportunity to help them become the best that they can be.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The needs of the children are all very different.
2.	The children are all in different year groups
3.	All children have differing emotional needs
4.	Writing standards across school, including our disadvantaged children, are lower than we would like

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria	
Improved writing skills amongst disadvantaged children	Assessments, book scrutinies and observations indicate accelerated progress in writing with disadvantaged children's writing improving as they move towards the end of Year 6 2022 & 2023	
Improved phonics skills in KS1	Phonics screening outcomes show that at least 53% meet expectations.	
All children receive the in class support needed to ensure they have access to high quality first teaching	Children are supported well in class. Tracking shows progress and accelerated progress in some cases. Observations show TAs supporting children appropriately.	
To improve and sustain	Sustained high level of wellbeing, demonstrated by	
wellbeing for all children in our school,	 Pupil and parent questionnaires responses 	
particularly our disadvantaged children	 a significant increase in participation in enrichment activities 	
	 Continued low level of bullying incidents reported 	

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ £3362.50

Activity	Evidence that supports this approach	Challenge number(s) addressed
Employment of TAs in order to maintain high level of support in each class	Teaching assistants can provide a large positive impact on learner outcomes - <u>Teaching Assistant Interventions EEF</u> (educationendowmentfoundation.org.uk)	1, 2
Training for staff – Y6 assessments (especially writing)	Understanding the criteria for assessment is key – especially at the end of the Key Stages	1,2, 4
Training for staff – Neli programme	Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment: Oral language interventions EEF (educationendowmentfoundation.org.uk)	1,2, 4
High quality resources used – especially phonics (DFE validated phonics programme)	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils: <u>Phonics Toolkit Strand Education</u> <u>Endowment Foundation EEF</u>	1,2,4
Staff released to observe lessons as subject leaders	Good subject leadership ensures progression, coverage and a broad a balanced curriculum across school.	1,2,3,4
	https://cornerstoneseducation.co.uk/news/why- subject-leadership-is-crucial-to-the-success-of- your-primary-curriculum/	

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Activity	Evidence that supports this approach	Challenge number(s) addressed
Tutoring programme	Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:	1,2,3
	One to one tuition EEF (educationen- dowmentfoundation.org.uk)	
	And in small groups: <u>Small group tuition Toolkit Strand </u> <u>Education Endowment Foundation </u> <u>EEF</u>	
One to one support for children needing it	Both targeted interventions and universal approaches can have positive overall effects:	1, 2, 3, 4
	Behaviour interventions EEF (educationendowmentfoundation.org.uk)	

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 2811

Activity	Evidence that supports this approach	Challen ge number (s) addres sed
Employ TA to lead groups to support emotional , social and behaviour al needs across school	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): <u>EEF_Social_and_Emotional_Learning.pdf(educationendowm</u> <u>entfoundation.org.uk)</u>	3
Training for all staff on INSET day –	Both targeted interventions and universal approaches can have positive overall effects: <u>Behaviour interventions EEF</u> (educationendowmentfoundation.org.uk)	3

behaviour managem ent, safeguard ing, expectati ons, job roles etc		
Support with trips, extra curricular activities	Children need to develop all round skills to become functioning adults in the work place. <u>Essential life skills EEF</u> (educationendowmentfoundation.org.uk)	3
Support with breakfast club	Assisting with childcare enables families to continue working and reduces anxiety at home.	3

Total budgeted cost: £8985

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Children who were on the brink of being excluded, including some of our disadvantaged children, were supported in school and through support from Stepping Stones (short stay school). The targeted interventions and extra TA hours ensured no child was permanently excluded from school in 2020-21.

Our assessments showed that although Reading remained strong throughout school, writing was an area for development across school and maths was for our disadvantaged children.

We had five disadvantaged children. 40% working at expected level for maths 60% working at expected level for reading 40% working at expected level for writing 40% working at expected level for SPAG (10% working at greater depth)

We needed to spend the majority of our PPG on TAs to ensure each class had the appropriate support whilst in bubbles. Moving forward, we saw the need for a learning mentor to work with our most vulnerable children.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
